

Team Meeting

30 March 2025 / 11:00AM, 6:00PM / Online

Attendees

Kevin Liu, Corey Zhao, David Zhou

Agenda

Controller Design (11:00 AM)

1. Listed API endpoints

Service Discussion (6:00 PM)

1. Discussion about services

Notes

- For achievements, we will store information in a CSV/JSON file. Since achievements are static, it would not be necessary to use a database table
- Model has changed following some discussion points

Next Meeting Agenda

1. User Flow Design
2. Database choice (NeonDB has reached max)
